Those who trade with Robinson & Mundorf march right up beside the band wagon. They get so much for their money they live well on small income.

Smith's Spring Poem.

Hon. W. O. Smith, of the Punxsutawney Spirit, an erstwhile lad of this place, fails not to mention Dan Sharp and his sasafraas in the spring time. Following is Smith's production for this year:

When froglets trill their merry lays
And warmer grow the length'ning days;
When suckers bite and robins sing,
We may suspect that it is spring.
But we are never certain quite
Till Daniel Sharp doth bid us light,
Trudging across the Windfall Hill,
Back of the town of Reynoldsville—
Plodding over the tender grass
With a fresh invoice of sasafraas.

Of Course we Need It.

Mr. Whitmore is trying to raise enough money by subscription among the business men to run the sprinkler this summer. It is to be hoped the merchants will support this worthy enterprise liberal enough so that Mr. Whitmore can run it. They had a sample of dust on Saturday. The sum necessary to keep the sprinkler going is a small amount compared to goods that would be destroyed by dust, besides the annoyance and inconvenience of having dust blowing into the stores all day. Support the sprinkler.

Did You Ever See Him?

Whenever you hear a man finding fault with his local papers, open them up and ten to one he has no advertisement in them; five to one he never gives them a job of printing to do; three to one he does not take the papers; two to one that, if he is a subscriber, he is a delinquent; even odds that he never does anything in any way that will assist the publishers to run their papers, and four to one that if the papers are good ones and full of life, he is the most eager to see them when they come out. Then he goes to a saloon to borrow and read one of them; spends ten cents on his drink, and says he is too poor to subscribe for a paper.—Ex.

Bicycle Club Organized.

The bicyclists of Reynoldsville met in W. H. Bell's tailor shop Monday evening and organized a bicycle club, with a membership of twenty-five to start with. Fifteen of these joined the L. A. W. The following officers were elected: President, Geo. F. Cant; Vice-president, C. F. Hoffman; secretary, W. H. Bell; treasurer, Ed. Gooder; trustees, Chas. Kah, John H. Schofield, H. W. Boesing. All members of the club will get suits alike. The trustees will rent a room somewhere in town which will be fitted up for the club. The trustees will try to get the room over the First National bank. There will certainly be some bicycle sport in Reynoldsville this season.

A Large School.

Prof. T. B. Mitchell opened a summer school in Knoxdale yesterday. The Professor is one of Jefferson county's wide-awake teachers, and we are glad to learn that his school opens under favorable auspices.—Brookville Republican of last week. After Mr. Mitchell had made arrangements to conduct a summer school in Knoxdale, his brother, Lex N. Mitchell, found the normal school in West Reynoldsville had gone away beyond his most sanguine expectations in attendance, and he called on T. B. Mitchell for assistance, and as the Knoxdaleschool only numbered about twenty-five scholars it was given up the first day and Mr. Mitchell came to Reynoldsville to assist in the normal school. There are three teachers in the school now, Prof. Lex N. Mitchell, T. B. Mitchell and Miss Maggie Butler. The school numbers 84 students.

Change in Business.

It is very probable that there will be a change in the Reynoldsville Hardware Co. firm, Scott McClelland and E. D. Seeley retiring from the firm and A. T. McClure and Frank Smith, of Panoast, will go into the business with Jas. K. Johnson, one of the present members of the company. An invoice will be taken and then the deal will be consummated. Mr. McClure is an enterprising and successful farmer. He had about six months experience in the hardware business in West Virginia some years ago, and he will assist Mr. Johnson in the store. He will not move to Reynoldsville until fall on account of his farm interests at Panoast. Mr. Smith is an energetic and successful farmer and lumberman. They are both honest and genial gentlemen. Uncle Ed. Seeley will do a little farming this summer, but has not fully decided to settle down to that business. Scott McClelland has not decided yet as to what vocation he will follow. He may assist Cashier Kaucher in the First National bank.

Used Her Umbrella.

Two young ladies who live east of Rathmel, on the Luthersburg's road, came to Reynoldsville one day last week and on their way home were attacked at a lonely place on the Fuller hill by a young man of this place. He caught one of the ladies, threw her down and attempted to gag her with a handkerchief. The other lady pommelled the assaulter over the head with her umbrella. This was more than the young chap had figured on and he retreated and the ladies proceeded homeward. It is reported that one of the maidens had been into one of our banks getting some money and that the young man had seen her get it and followed them for the purpose of getting the money. Whether that was the reason of the assault or not, it was a bold piece of business and the chap should be brought to justice for it.

Albert Green was arrested yesterday charged with assault in the case mentioned. He waived a hearing and will be tried at the May term of court.

Beautiful Monument.

Ninian Cooper has had a fine dark quincy granite monument placed in his family lot in the Beechwoods cemetery. It is of cottage design with three bases. The word "Cooper" in large raised letters, is on the third base. It also has a polished die entwined with an ivy vine, and surmounted with a nicely moulded cap, making a very handsome memorial. The monument was put in by E. E. Stewart, of Reynoldsville.

A Melancholy Event.

Mrs. David Groves, of Helvetia, died on Friday afternoon, aged seventeen years, and leaves a young husband to mourn her loss. A short time before her death she gave birth to twins, the little ones dying a few hours before their mother. The mother and her babes were buried in one grave in the Clayville cemetery on Sunday afternoon.—Punxsutawney Spirit.

Expecting to Strike Oil.

Dr. W. B. Alexander has a bottle of petrolum in his bank which is from an oil well within three miles of the tract of land owned by L. P. Seeley and W. B. Alexander on the North Fork, from which they sold \$100,000 worth of timber, as mentioned last week. If they strike oil on their land it will be quite an investment for Seeley and Alexander.

Double Wedding.

Father Brady married two couples at the Catholic church at eight o'clock yesterday morning. The young people married were: James McCloskey and Bridget Connell, of Rathmel, and Thomas Donahue and May McCallan, of Reynoldsville.

Miners Convention.

A convention of delegates representing 15,000 miners and mine laborers in District No. 2, U. M. W. A., was held at DuBois on Friday of last week, presided over by T. A. Bradley. After passing a resolution to hold a convention at Houtzdale on May 22nd, 1895, the committee on resolutions offered the following resolutions which were adopted:

Resolved, That we issue a circular letter to all the operators in Central Pennsylvania making known to them the request of this convention and that a committee of employees be requested to present the demands.

Resolved, That each locality make a voluntary collection to defray the expenses of organizers to be sent into the various places not represented, all money to be sent to the secretary-treasurer of the district.

The following circular letter, dated DuBois, April 19th, 1895, signed by T. A. Bradley, Thos. R. Davis, W. B. Wilson, and also to be signed by a committee of the employees of the companies interested, is to be sent to the operators of the district:

DEAR SIRS:—At a meeting of the miners of Central and Northern Pennsylvania, held in DuBois April 19th, 1895, the following resolutions were adopted:

Resolved, That we request a restoration of prices in all classes of work which prevailed previous to the last reduction.

Resolved, That we request an answer to this proposition on or before April 27th, 1895.

Resolved, That we notify the operators of Central and Northern Pennsylvania by circular letter, of the request made by this convention, and that the circular be presented by a committee of the employees of the respective coal operators.

Believing that a compliance with these requests will not injure the operators of the regions named, and will be a great benefit to their employees, we earnestly urge that you comply with them.
